Summer Classes for children who love making art! I emphasize fine art materials and instruction, with a changing curriculum of different art mediums. Projects are varied so students can take more than one session and be challenged with new projects. Join us for a variety of interesting projects and serious fun.

Class time is 9:30 am–2 pm, with breaks and lunch (please provide your own) and activities and play on the yard from 9–9:30 am and 2pm–3pm.

SIGN-UP DEADLINE IS FEBRUARY 25TH.

I will be filling classes by lottery, with consideration for friends and siblings enrolling together to make carpooling easier. Remaining spaces will be first offered to students who did not get into a class they requested. Feel free to check the website after February 25th—there may still be spaces open!

A non-refundable deposit of \$100 per session per student is due at the time of registration. The remainder of tuition is due May 15th, 2011, or you can pay in full when registering. No refunds of full tuition after June 1st.

ART FOR 10 TO 14 YEAR-OLDS: A week of art for slightly older students, we have a chance to go more deeply into different media. We will be working with photography, fabric arts, clay, printmaking and more.

BOOK ARTS: Decorating papers, illustrating, writing, and inventive bookbinding. Non-writing students always have the option of using only images in their artist books.

CLAY WORK: Although clay is not listed as a class, we do a clay project every week connected to the media used that week's class.

DECORATIVE ART: Paper maché, clay, sculpture, decorative (and useful) household objects and more.

FABRIC ART: Fabric decorating: batik, silk screening, painting, dying & printing—creating pillows, t-shirts and more with finished fabrics.

MIXED MEDIA: This week we will create using all media: photography, book arts, fabric, printing & decorative arts.

PHOTOGRAPHY & COLLAGE: Each student is lent a digital camera to take photographs at home for the week. We also have assignments at camp (self portraits, etc.) and create final projects using students own photographs.
